TEN CENTS A WEEK

RECEPTION TENDERED TO AMBASSADOR REID

**Practically All the Royal Family Was Present At
Presentation of American Ambassador.**

LONDON, July 10.—Practically all the members of the royal family at present in London were the guests at Dorchester House last night, at the dinner and dance given by the American Ambassador and Mrs. Whitelaw Reid, in honor of the king and queen and Princess Victoria. This was the second time during Mr. Reid's incumbency at the embassy that the king has dined with him, but yesterday evening, for the first time, Queen Alexandra and Princess Victoria accompanied his majesty.

The dance which followed the dinner was most brilliant, and outside of royal courts, probably has not been surpassed for splendor, and the prominence of the guests, who included, besides the royal guests, the leaders in the political and social world of England and many Americans. Their majesties, who were attended by Lord Hamilton, of Dalzell, lord in waiting to the king, Col. Streatfield and Lady Hardinge, wife of Sir Charles Hardinge, were received at the foot of the grand stairway by the Ambassador and Mrs. Reid, and the members of the American embassy and their wives. They were escorted to the library, where the guests were formally presented.

Dorchester House was beautifully decorated, crimson rambler roses and white hydrangeas being largely used in the scheme which proved most effective. The grand stairway was

bordered by banks of ramblers, while the groups of statuary in the halls were surrounded by choice foliage.

Linner was served at two large tables, decked with every variety of orchids, of which the queen is so fond. The music, always a feature at Dorchester House entertainments, was on an even grander scale than usual. Madame Nordica and John McCormick, the Irish tenor, contributed solos, while Cassano's famous band played during the evening, and also for the dance, for which many guests came in.

The king and queen mingled freely with those present.

With all its beauty, Dorchester House was surpassed in brilliancy by the temporary supper room, which was erected over the north terrace and lawn. The king and queen and other members of the royal family were loud in their praise of the magnificence of the scene arranged in their honor.

Before leaving, which was not until late, the king made a tour of the house and spent some time on the terrace overlooking the gardens, one of the prettiest spots in London. Dancing, of course, continued long after the king and queen had left, the younger members of society looking upon Mrs. Reid's entertainments as the most enjoyable of the season.

The king will go to Wrest Park on July 24 to spend the weekend with Ambassador and Mrs. Reid.

D. M. DAVIDSON WEDS IN THE COUNTY JAIL

**BRIDE IS MISS EVA LEE WAID OF
WAYCROSS, GEORGIA.**

**Sheriff Kennerly Gave the Bride Away
But Decided to Keep Groom
as His Guest.**

PALATKA, July 10.—A marriage of more than ordinary interest occurred Thursday at 2 o'clock, when D. M. Davidson, convicted of murder, was married to Miss Eva Lee Waid of Waycross, at the county jail. The ceremony was performed by Judge Cox, in a front room of the prison, as Sheriff Kennerly removed the prisoners from his cell long enough for the knot to be tied. The bride gave the blushing bride away but decided to keep the groom. Those who witnessed the affair were J. M. Kelley who is Davidson's pal; Deputy Hagan and a few others. The bride is a woman of 45 years, weighs 250 pounds. Following the ceremony Mrs. Davidson left for High Springs, where she will see after her husband's interests; but the groom returned to his private apartments in the jail where he will remain until his case is decided or he assumes his life job with the State.

After the impressive ceremony was performed Mrs. Davidson said: "If I thought for a moment that Mr. Davidson was guilty of the crime with which he is charged I would not have married him."

After the magic words were spoken the bridegroom "saluted" the bride. Refreshments, which consisted of ice water and cake, were served.

THE TARIFF BILL HAS GONE TO CONFERENCE

Eight Hundred and Forty-Seven Senate Amendments to the Original House Bill.

WASHINGTON, July 10.—The tariff now has been shifted from both houses of Congress to a conference committee. The House yesterday adopted a rule whereby all of the eight hundred and forty-seven amendments of the Senate were disagreed to and the conference requested by the Senate granted. It was a Republican vote against the rule and one against the amendments.

When the lower met it soon interested was at fever heat. The leaders on both sides had notified their respective forces to be on hand.

The debate, which at times waxed warm, disclosed the fact that there were some Republicans, in addition to the so-called insurgents, who were yet to be pacified before they would give their votes on the final passage of the bill. The Democrats accused the majority party of having violated its ante-election pledges. A feature of the discussion was an appeal by Chairman Payne to his colleagues to send the conferees to the Senate unhampered by instructions. He promised to rigidly exact an explanation of every amendment made by the Senate, in order that the House conferees might report back in a bill which would meet the approval of the majority and of the country at large. His appeal was granted.

In the course of the debate, Representative Mann of Illinois declared he would vote against the bill on the conference report if the Senate provision on wood pulp and print paper was retained.

Messrs. Randall, Texas; Pou, North Carolina, and Henry, Texas, characterized the measure as breaking the

Republican pledges to the American people.

In pleading for the opportunity to vote separately on the various amendments Mr. Bartlett, Georgia, declared he was in favor of the amendments providing for free cotton bagging and the drawback on cotton ties; but as to the corporation tax, he said it was "a subterfuge, a pretext, a sham" placed in the bill to defeat the income tax.

Speaker Cannon announced the following as the House conferees:

Payne, New York; Dalzell, Pennsylvania; McCall, Massachusetts; Bottell, Illinois; Calderhead, Kansas; Fordney, Michigan, Republicans; Clark, Missouri; Underwood, Alabama; Griggs, Georgia, Democrats.

Senators Aldrich, Cullom, Hale, Burrows and Penrose, Republicans, and Daniels, Money and Bailey, Democrats, were appointed conferees on behalf of the Senate.

The Senate yesterday passed the Philippine tariff bill and the bill automatically continuing the Porto Rican budget.

An amendment by Senator Johnston, Alabama, declaring the intention of the United States eventually to grant independence to the Philippines was opposed as being out of place and was rejected.

By the adoption of the House resolution an invitation was accepted by Congress to be present at the Alaska-Yukon-Pacific Exposition.

Before adjourning the Senate received official announcement of the death of Representative Cushman of Washington and adjourned out of respect to his memory.

adjournment, with all members present.

The equalization of taxes was resumed and the county levy was made twelve mills, making a total for State and county of 19 1/2 mills.

The report of J. D. Matheson, county treasurer, was received and ordered filed.

The board adjourned.

SMALL—TROWBRIDGE.

At the home of the bride's mother, Mrs. Small, Miss Barbara and Mr. Earl A. Trowbridge were married, Rev. B. F. Green, pastor of the Baptist church, officiating. The ceremony was witnessed by only a few relatives and friends. Mr. and Mrs. Trowbridge will make Waldo their home.—Waldo News.

The Sea Island Cotton Market Quiet and Dull

SAVANNAH, Ga., July 10.—The market for Sea Island cotton was quiet during the past week, with quotations unchanged. Some little business was done on the basis of inside figures for choice and above, but most of the reported sales represented interior purchases. Offerings were light and the demand was indifferent. Crop accounts, while continuing favorable in the main, began to speak of damage from excessive rains. It is anticipated that a continuance of present rainy weather will result in

deterioration from the previous high condition.

Sales for the week were 285 bales. The following prices were based on factors' quotations and are revised weekly on Fridays:

MISS LORNA M'CREIDIE LEADS IN SOUTHERN

MISS HATTIE LUDWIG RETAINS
LEAD IN WESTERN PART

But Misses Bryant and Barron Make
Great Gain in That Division.
Get Busy.

Another hard run on the leading candidates, for they have all shown that they are after the big votes, and the greater part of them have been placing large numbers to their credit during the past three days.

The Sun takes pleasure in presenting to its many readers a picture of Miss Lorna McCredie of Micanopy. She has proved a hard worker in the interest of this paper, securing a large number of subscribers, and renewals and at the present time is the leader in the contest, while her cousin Miss Mabel McCredie, is a close second, and it is hard to determine which one of these popular young ladies has secured the largest number of subscribers, for they have both secured a great many clubs, which accounts for the high position they now occupy.

Miss Guinn, in the western district, makes a big gain, as does also Miss Lucinda Bryant, with Miss Barron a close second to Miss Bryant in the canvass.

Many people with chronic throat and lung trouble have found comfort and relief in Foley's Honey and Tar, as it cures stubborn coughs after other treatment has failed. L. M. OPENS MONDAY NIGHT.

The New Air Dome Will Present
Splendid Attractions.

The old land-mark of amusement closed its doors last night with one of the finest musical specialties ever witnessed in the Electric or, in fact, any other house of Gainesville, by Mr. Frank Voerg, who introduced many new and novel instruments, which are made of many curios. The Electric will still live in the hearts of the Gainesville public. It will still do business, only on a larger scale.

The manager of this ever-popular place has erected a handsome Air Dome in place of the old plant, and all performances in the future will be run in the open air. Plenty of seats and the same good order will prevail, and still hold up the same merits of its former style, as of old, with a large stage, new scenery and electrical effects.

The gentleman patrons who care to smoke during the performance may do so, as the last four rows will be reserved for that purpose. The attractions will be clean and good—nothing to mar the pleasure of anyone whatever.

The Woltz Orchestra will render music through the entire summer. Best of pictures have been contracted for, and the opening vaudeville act, the Vincent Sisters, singing and dancing artists, the best of its kind ever offered to the Gainesville public.

An awning will always be in readiness should a rain storm arise during the performance.

The prices will be the same as on previous days. Performance starts always at 8 p. m.

Many tickets have been engaged for the opening. Any one who is expecting to visit this new place of solid comfort and amusement can get tickets at Miller & Vidal's from 10 a. m. to 6 p. m. Monday.

Take Off the Fat Where It Shows

Most women suffer much humiliation because of great quantities of fat, so located that, no matter how they dress, everybody sees that they are abnormal. This is the day of the slender figure, and fat women are simply not tolerated either in business or social affairs. Women may not know it, but men when they see a fat woman pass them on the street make all manner of sympathetic remarks about her. They do not mean to be unkind or to seem unmanly, but it is natural for a man to dislike fat on a woman. Where fat shows the most there is where it must be removed, and as quickly as possible. The hot weather dresses seem to be made for the fat woman's misery and the slender woman's delight. They expose all the charms of women and her ugliness as well. Exercise and diet will not remove fat. This has been proved. The famous Marmola prescription which has met with such phenomenal success and has so many of our society women as its sponsors, is now being sold in tablet form to meet the demand of the public for this style of treatment. These little tablets go into your system just like food. They stop the stomach and digestive apparatus from producing fat and reduce the fat upon the body at the rate of from 12 to 15 ounces a day. They are harmless and can be carried in your purse and taken even after you have indulged in a hearty meal away from home. They are sold at all drug stores at 15 cents a case, or if you prefer you may write the Marmola Company, Dept. 281, Detroit, Michigan.

S.S.S. CURES BLOOD POISON

When the blood becomes infected with the virus of Contagious Blood Poison, the symptoms are soon manifested. The mouth and throat ulcerate, copper-colored spots appear, a red rash breaks out, the hair begins to come out, and usually sores and ulcers show themselves on different parts of the body. At the first sign of the disease S.S.S. should be taken, for the trouble is too powerful and dangerous to trifle with. If allowed to run on the tendency is to work down and attack the bones and nerves, and sometimes it makes a complete physical wreck of the sufferer. The disease can make no such headway if S.S.S. is commenced and used according to directions; its progress can be stopped, the poison removed, and health preserved. S.S.S. goes into the blood and removes the insidious virus, cleanses the circulation and makes a complete and permanent cure by driving out the cause. S.S.S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin cleared of all spots, sores and blemishes, and when S.S.S. has thoroughly purified the circulation no trace of the disease is left. S.S.S., a purely vegetable remedy, cures Contagious Blood Poison because it is the greatest of all blood purifiers, tested and proven for more than forty years. Home treatment book and any medical advice free to all who write.

THE OAK HALLS TAKE FIRST AT SANFORD

FINE BALL BEING PLAYED UNDER
ALL CONDITIONS.

Fielders Stood in Water to Win the
First of the Series With
Celery City Boys.

Gainesville 3, Sanford 2.—Ten In-
nings.

The good news of Saturday's game between Sanford and Gainesville was a great boon to baseball stock in this city, and the lads can surely expect the proper reception upon their arrival home. Baseball is again booming, and the people here will not be slow in showing their high appreciation of Manager Davis and his faithful warriors.

Manager Davis sent Spottswood in to do the pitching, with Sanders, a new man, to do the receiving, while Sanford had Rogers and Hudson for their battery—a strong opposing pair, but they were not equal to the great Oak Halls.

The grounds were in a rather bad condition, and the telegram received from Manager Davis stated that the fielders were wading in water all during the game.

The Oak Halls are credited with eleven hits and five errors, while the Sanford boys had only two errors and seven hits, and it is remarkable how well the ball was handled, considering this unfavorable condition for ball playing.

Ten innings were required to win the game, for up to the ninth both teams had an even break of two runs each, but the quick work of the Oak Halls gave them the winning run.

NOTES.

How does the celery bunch feel?

Ten innings and such a score sounds good.

Take it Monday, Henry, and you will have it going better.

SPECIAL TRAIN URGED FOR PALATKA GAME

LARGE CROWD ANTICIPATES GO-
ING TO THE GEM CITY.

Train Will Leave Here About 1 p. m.
and Make the Trip in About
Two Hours.

Gainesville people will probably be given the opportunity of meeting their favorite baseball team in the Gem City on Thursday, July 15th, if the arrangements of Ticket Agent Goodwin can be completed. He is now endeavoring to get a train to leave here not later than 1 o'clock on Thursday, giving all the people a chance to go to Palatka and witness the last of the series of baseball between the two teams in that city.

A large number have already signified their intention of going on this trip, and if the train is secured it will be packed with Gainesville admirers to root for the home boys who have played pretty ball since their departure from Gainesville on the road trip.

Manager Davis wrote friends in the city Saturday that they expected to make not less than an even break on the entire time out from home, and he wanted the people of Gainesville to show their appreciation of the team's efforts and meet them at Palatka on Thursday with a strong bunch of faithful rooters, for Palatka is well prepared and has good players.

Thursday being a half-holiday both here and at Palatka it will be one of the largest crowds ever seen at the park there.

time, and we all feel good "over home."

Must have been a fine game to have such a score under the weather conditions.

The Palatka excursion will be packed if this rate keeps up with the famous Oak Halls.

THE BIG DAY-LIGHT DE-
PARTMENT STORE...

NEWS OF CITY AND COUNTY CONDENSED

J. E. Futch has returned from a business visit to the southern part of the State, where he went for the purpose of looking after his extensive grove interests.

Dr. J. D. Watkins of Micanopy was a visitor here yesterday. He is "red hot" over Micanopy's mail facilities and states that the citizens are going to see if something cannot be done.

The world's most successful medicine for bowel complaints is Chamberlain's Colic, Cholera and Diarrhoea Remedy. It has relieved more pain and suffering, and saved more lives than any other medicine in use. Invaluable for children and adults. Sold by all druggists.

C. J. Grace of Evinston was here yesterday. He was soliciting subscriptions for the new Methodist church at that place and met with fine success. He says the building will be 32x42 feet in dimensions and will adequately meet the demands of that place for some time to come.

Hon. N. A. Blitch, member of the Railroad Commission, was a visitor here yesterday. He was en route to Tallahassee after an absence of a few days with other members of the commission visiting various sections where local complaints have come up before the commission for adjustment.

Teething children have more or less diarrhoea, which can be controlled by giving Chamberlain's Colic, Cholera and Diarrhoea Remedy. All that is necessary is to give the prescribed dose after each operation of the bowels more than natural and then castor oil to cleanse the system. It is safe and sure. Sold by all druggists.

N. E. Benson, chief of the fire department, has gone to Atlanta to be absent for the next few days on a combined business and pleasure trip. He will attend the annual meeting of

the Bill Posters' Association which convenes there Monday. Fully three thousand members are expected to be in attendance from all sections of the country.

The G. W. Hyde Company have an interesting announcement for readers of The Sun in another column of this issue. They tell you of the fact that Monday and Tuesday are the last two days of their glorious clean-up sale and advise you to come and take advantage of the bargains that are left in every department.

If people with symptoms of kidney or bladder trouble could realize their danger they would without loss of time commence taking Foley's Kidney Remedy. This great remedy stops the pain and the irregularities, strengthens and builds up these organs and there is no danger of Bright's disease or other serious disorder. Do not disregard the early symptoms. J. W. McCallum & Co.

Now that the Senate has sent the tariff bill back to the House it remains to be seen if the latter body will concur in the amendments which have virtually made a new bill of it since its original passage by Uncle Joe's peers.

Major Geo. P. Healey, familiarly known as the "Bald Headed Eagle of Volusia," has been confined to his room in Jacksonville for several months from what his physician has diagnosed as a leak of the heart. He is one of the most widely-known men in Florida and was a great power in State politics for many years.

Congressman Clark failed in his effort to have a tariff tax placed upon Egyptian cotton. Senators Tallafiero and Fletcher also made a fight in the Senate, along the same line, but the Republicans would have none of it, and for the next two years at least cotton from foreign countries will be admitted duty free in competition with the Sea Island cotton grown in Florida, Georgia and South Carolina. The cotton planters of Suwannee county, and all Florida, for that matter, should remember our representatives who worked so hard for this measure—one if enacted into law would have proven of great benefit to the cotton planters all over the Sea Island belt and the South generally.—Live Oak Democrat.

J. D. Matheson, county treasurer, is making good his campaign promises to obtain interest for the deposit of county funds in the banks. His report to the County Commissioners at their meeting in July shows a credit on interest account for the first six months of his incumbency as county treasurer of \$282.80. At this rate the county will obtain \$565.60 per annum as interest on deposits, which will go a long way towards paying the salary of the treasurer. The Sun congratulates Mr. Matheson upon his successful administration, as well as the keeping of his campaign promise. But "Uncle Jimmie" has never failed to keep a promise, at least so far as the editor of The Sun has heard during his thirty years' acquaintance with him.

A FRANK STATEMENT.

After years of demagoguery, sophistry and buncombe on the subject of tariff, it has remained for Elihu Root, junior Senator from New York, to state in public debate the actual facts regarding the methods of the Republican party in framing a tariff bill. Said Mr. Root, speaking in support of the corporation tax: "We have been here for over three months considering and discussing and voting upon the measure of protection that it is necessary to give to keep alive and prosperous the business of tens and hundreds of thousands of corporations engaged in manufacture and trade affected by the protective tariff. What do we know about these corporations? Upon one hand we have garbled and partial statements; upon the other equally garbled and partial statements; and no means of distinguishing the truth. We are under the necessity of proceeding by guess work, by conjecture, always with dissatisfaction, because we recognize the chance that we may have guessed wrong about whose statements come nearest to the truth. I should like to see in the office of Commissioner of Internal Revenue the next time a tariff bill comes before Congress statements, under oath, and tested year by year, about the business of all this vast multitude of corporations that come appealing to us for help, so that we shall not again be compelled to come to the conclusion that all the business of the United States is on the brink of failure." Never was there a franker statement of the methods by which tariff bills are framed than that made by the Senator from New York. Senators and Representatives, a large majority of whom are lawyers, have accepted almost without question the ex parte statements of interested persons and companies, and have fixed tariff rates in accordance with their representations and demands. The current tariff revision is by no means the revision downward implied by the Republican platform and specifically promised by the Republican Presidential candidates. But present indications all point to the inclusion in the tariff bill of certain provisions which will preclude in the future the hit or miss method of the past and render it impossible for Senators and Representatives extravagantly to swell the profits of their manufacturing constituents at the expense of the consumer without detection.

GIVE SHERIFFS ALL AID.

Editor Zimm, of The St. Augustine Meteor, who is also State Senator from St. Johns county, says:

"It is a matter of rare occurrence that any utterance of Editor Mayes of The Pensacola Journal is susceptible of being honestly criticized for its untenableness. However, we feel that the level-headed editor who had the boldness to stand out against the almost unanimous press of the State in favor of an anti-pass bill, is in error in taking the position that it was right to exclude sheriffs from the provisions of the bill. We take it that the permitting of sheriffs to have free transportation is only an effort to aid and abet the officer of the law—to give him an opportunity to run down every effort at escape of the fugitive from justice. And as to the mileage that the officer may receive, it is only a small fraction of the sum total that should be freely given him by the people for hazarding his life, by day and by night, for their protection. It might be eminently proper, however, for the next Legislature to adopt the suggestion of The Journal and enact a law compelling all of the railroads in the State to issue passes to all the Sheriffs in the State."

The commissioners of Hillsborough county have wisely decided to stop the building of all new roads until the roads already constructed are put in thorough repair. The old saying that "a stitch in time saves nine" applies with equal force to the public roads as to other work. The roads are too generally left to take care of themselves after being constructed, and become almost as impassable as they originally were before necessary repairs are made.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

WANT BETTER MAIL SERVICE AT MICANOPY

TRANSFER HAS BEEN DENIED ON TRAINS NOS. 9 AND 10.

Citizens Generally Are Concerned and Will Push Their Interests to the End of Fight.

Micanopy citizens are registering a great protest about their mail facilities, and Dr. J. D. Watkins, who is a member of the push and progressive element of Micanopy, states that they will not sit idly by and be handled in any such manner by the railway company.

He states that they are disgruntled over the fact that trains Nos. 9 and 10 were compelled to run via Micanopy, or in other words, they realize that they would be compelled to do this, and for this have stopped the transfer of mails from the trains and that under the new change a letter from Jacksonville or Gainesville on that train would not reach the proper destination for about thirty-six hours after the train had been into that point.

Since the running of trains Nos. 9 and 10 into Micanopy the citizens made up a private subscription to defray the expense of transferring the mail from the depot to the postoffice, that they might enjoy the privilege of a first-class service, but since the night of the 9th they have been refused a transfer, and they have taken up the matter with the chief clerk at Jacksonville.

Information received from this official stated they had no contract with the railroad for the delivery of the mail at Micanopy, hence the order to again send it to Evinston, where it lays for a considerable length of time and is twenty-four to thirty-six hours old when it reaches them.

He believes that the railway company are responsible for the whole affair, and states that before the citizens of Micanopy will stand for such treatment they will spend some money and fight it out, and he was here to look after their interests on Saturday.

During the next few days they will take the matter of the trains up with the commission, and state that they are going to have Trains 39 and 40 run via Micanopy if the present attitude is kept up.

BURKIM'S PRIVATE CONTEST.

High School Makes Great Gain During the Past Week.

By a small margin Capt. Alvarez still retains first place in the private piano contest of L. J. Burkim. Although the High School has made large gain within the past two weeks, the little conductor has been working some himself and has kept up a pretty tight race with them.

During the past week there was only a few thousand votes difference in their totals, which were in favor of the High School, which shows he has some loyal friends who are working in his behalf.

All parties holding tickets are requested to turn them in if they want same counted, for after Tuesday night everything must be turned in daily, and if you expect to hold them for the last and have them counted, you will be mistaken. The contest will run only a short while longer, closing on the afternoon of July 24.

Following was the result of the count last night:

High School	404,715
Mary Fernandez	400

DEATH OF MRS. WEEKS.

Mrs. Joel T. Weeks passed away last Sunday morning at 12:30 at the residence of her son, Orlando B. Weeks, after a long illness of general debility.

Her pleasant nature made her friends by the score and her devotion to her family was something to emulate.

For many years Mrs. Weeks was a resident of this city and was loved and highly respected by everyone who knew her.

Her sons, Orlando, Frank and Ernest, have the sympathy of this city, as only six months before they laid their beloved father away.

The funeral was held in the Baptist church by her request and her body was laid by the side of her husband amid a large concourse of loving relatives and friends. The pastor, Rev. B. F. Green, conducted the services.—Waldo News, 9th.

Mrs. Browne in Colorado.

Mrs. Annie J. Browne, who has been with her son on the Isthmus of Panama for several months past, is now comfortably located at 529 N. Weber street, Colorado Springs, Col., where she will remain all summer, being joined by her sister and niece early in August. She made the trip from the Isthmus via New York, Chicago, Omaha and Denver, being two weeks en route, and enjoyed it very much. The dampness of the Isthmus did not agree with Mrs. Browne's weak throat and a New York specialist advised her to go to Colorado. Her many Gainesville friends hope to see her again next winter.

MUST LEAVE THIS SECTION OF COUNTY

SHERIFF RAMSEY ACTS AT ONCE ON COMPLAINT OF CITIZENS.

Given Until Monday to Vacate or Be Arrested and Suffer Action of Law.

Sheriff Ramsey has ordered the lewd women who are operating houses in New Gainesville to vacate and leave this section not later than Monday next.

This action was occasioned by a number of citizens who live along Alachua avenue having made complaint to the sheriff that the passage at night by parties was becoming too noisy and that something must be done to rid this section of the lewd class of women.

For the past few months there has been more or less rowdiness engaged in in New Gainesville, and the frequent firing of guns, pistols and like, besides numerous scraps that are never reported to the city, is another reason assigned for the loud complaint against the houses.

Sheriff Ramsey was very quick to notify the parties to leave when once his attention was called to the matter, and he showed them that under the law he could have arrested them at once, but preferred to give them a chance to leave.

Halcyon Days.

The term "halcyon days" is derived from a pretty little fable of the Sicilians, who believed that during the seven days preceding and following the winter solstice, Dec. 21, the halcyon or kingfisher dived on the water in a nest in which her young were deposited and that during this time of her brooding the seas were calm. Our Indian summer corresponds to the halcyon of the Sicilians.—New York Telegram.

"Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, South Bend, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night."

DON'T EXPERIMENT

You Will Make No Mistake if You Follow This Advice.

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in this vicinity.

Can Gainesville residents demand further proof than that contained in the following testimonial?

Oscar Osterman, of Starke, Fla., says: "I give Doan's Kidney Pills my highest recommendation as they proved of more benefit to me than any other remedy I had previously used. I suffered from kidney trouble for some time. The kidney secretions were too frequent in passage and I was forced to arise from six to eight times during the night. I also had backache and was bothered by a pain through my loins. I finally procured Doan's Kidney Pills and they soon helped me. By the time I had taken the contents of two boxes, the backaches and pains entirely disappeared and the passages of the kidney secretions soon became regular. I now feel fifty per cent better than before in a long time."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
